What do your Fridays look like??
Expand your horizons with 4-H Friday Clubs!!

These clubs are designed to support members in completing their related projects. However, it is not required that you are signed up for a project in order to attend these exciting group activities and Learn by Doing!

Call Kaycee if you have any questions, or if you want to start a club you don’t see listed. Check out the schedule below and mark your calendars.

**Cooking with Kids**<br>Come as an adult/youth pair, or youth 8-18 years old can participate individually. The focus each month will explore different cultures through food and traditions. Please pre-register [http://bit.ly/4-HCookingWithKids](http://bit.ly/4-HCookingWithKids)

**Robotics**<br>We will work on some robotics challenges and simple designs as we work through the EV3 Unit 2 manual. The Colorado State Fair Contest Robotics Challenge will be our focus as we near County and State Fairs.

**Quilting**<br>With our expert Leader, Ms. Lyn from the Rifle Quilter’s Guild, participants will learn all Unit 1 Quilting skills. They will complete a different project each month in preparation for selecting their best work for Fair time!

**Entomology**<br>Join Ms. Abi to spend the morning looking for, playing with, and learning about all kinds of creepy crawlies including insects, spiders, centipedes and more! Get your very own insect collecting supplies as a project member.

**Horse & Livestock Bowl**<br>How quickly can you get to the buzzer?! This exciting game-style quest for knowledge will prepare youth for the Colorado State Horse Bowl and Livestock Bowl competitions held at the 4-H State Conference in June. Only Seniors may compete, Juniors and Intermediates are welcome at practices.

**Outdoor Adventure**<br>Come explore NEAT-ure with Miss Meredith! Head outside for a view of the wild side. Participants will also serve on the Garfield County Outdoors Youth Council and have the opportunity to participate in exciting outdoor activities, including kayaking and mountain climbing.
